Albuquerque, NM

Summary

I am a digital media artist focusing on innovative ways to help people feel creative. I feel it is important to continuously learn new software for the process of creating. I would like to work with a company to achieve art-integrated goals and invest time into passionately building projects to perpetuate an artistic vision.

Skills

- Plan, design and create animated stories using computer software tools such as Adobe Photoshop, adobe Illustrator, Vyond, Corel Painter Essentials, Adobe Animate CC and hand drawing techniques
- Sketch or draw images to be scanned, edited, colored, textured, skewed or animated by computer.
- Create basic designs to be implemented into illustration, products, commercials, flyers, branding and advertising
- Edit video and audio using Adobe Premier software
