Albuquerque, NM

Summary

Digital Media Artist focused on video producing and editing, illustration, animation, and combining those skills. I feel it is important to continuously learn new software for the process of creating. I would like to work with a company to help achieve art-integrated and creative goals while investing time into passionately building projects to perpetuate an artistic vision.

Skills

- Plan, design and create animated stories using computer software tools such as Adobe Photoshop, Adobe Illustrator, Vyond, Corel Painter Essentials, Adobe Animate CC and hand drawing techniques
- Sketch or draw images to be scanned, edited, colored, textured, skewed or animated by computer.
- Create basic designs to be implemented into illustration, storytelling, products, commercials, flyers, branding and advertising
- Edit video and audio using Adobe Premier software
